Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Christian County, Kentucky, as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Christian County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Christian County, Kentucky, prepares its financial statements in accordance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Christian County, Kentucky, as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the modified cash basis of accounting.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Steve Tribble, Christian County Judge/Executive
Members of the Christian County Fiscal Court

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Christian County, Kentucky's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the basic financial statements. The schedule of expenditures of federal awards has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated December 20, 2010, on our consideration of Christian County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we present the schedule of findings and questioned costs, included herein, which discusses the following report comment:

2009-1 The Fiscal Court Is Required To Pay For Purchases Within Thirty Working Days

Respectfully submitted,

Management's Discussion and Analysis June 30, 2009

The financial management of Christian County, Kentucky offers readers of Christian County's financial statements this narrative overview and analysis of the financial activities of Christian County for the fiscal year ended June 30, 2009.

Financial Highlights

- Christian County had total net assets of \$27,398,725 as of June 30, 2009. The fiscal court had unrestricted net assets of \$11,107,155 in the governmental activities as of June 30, 2009, with total net assets of \$27,181,192. In the enterprise fund, cash and cash equivalents were \$95,636 with total assets of \$217,533. Total debt for governmental activities principal as of June 30, 2009 was \$22,566,553 with \$1,573,715 due within one year.
- The governmental activities' total net assets increased by \$2,148,845 from the prior year. This increase is primarily due to unanticipated receipts and debt reduction that was greater than depreciation of the capital assets.
- At the close of the current fiscal year, Christian County governmental funds reported cash and cash equivalents of \$9,951,249. Of this amount, \$9,380,976 is available for spending at the government's discretion (unreserved fund balance).
- Christian County's total indebtedness at the close of fiscal year June 30, 2009 was \$22,566,553, of which \$20,992,838 was long-term debt (due after 1 year) and \$1,573,715 was short-term debt (to be paid within 1 year). Debt additions were \$119,630, and debt reductions were \$1,566,653, for a net decrease of \$1,447,023 for the year.

Overview of the Financial Statements

This management discussion and analysis is intended to serve as an introduction to Christian County's basic financial statements. Christian County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GASB 34 requires management to include certain comparison schedules when they are available. The schedules include prior and current comparisons of general revenues by major source, and program expenses by function.

Christian County
Management's Discussion and Analysis
June 30, 2009
(Continued)

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Christian County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on Christian County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Christian County is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported on a modified cash basis of accounting. Basis of accounting is a reference to when financial events are recorded, such as timing for recognizing revenues, expenses, and related assets and liabilities.

Under the county's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from a cash transaction, except for the recording of depreciation expenses on capital assets in the government-wide financial statements for all activities and in the fund financial statements for the proprietary fund activities.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as amounts billed for services provided, but not collected) and accounts payable (expenses for goods and services received but not paid) or compensated absences are not recorded.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Christian County's governmental activities include general government, protection to persons and property, general health and sanitation, roads, recreation and culture, social services, airports, debt service, and capital projects. Christian County has one business - type activity - Jail Canteen.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Christian County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with legal and statutory requirements. All of the funds of Christian County can be divided into broad categories: *governmental funds*, *proprietary funds*, and *fiduciary funds*.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current inflows and outflows of spendable resources, as well as, on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

Governmental Funds (Continued)

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Christian County maintains (8) eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

Major Funds:

- General Fund
- Road Fund
- Jail Fund
- Local Government Economic Assistance Fund
- Revolving Loan Fund
- E-911 Fee Fund
- Industrial Authority Revolving Loan Fund
- Christian County Public Courthouse Corporation

Christian County adopts an annual appropriated budget for its major governmental funds except for the Public Courthouse Corporation Fund and the Industrial Authority Revolving Loan Fund, which were not budgeted by the fiscal court. A budgetary comparison statement has been provided for each of the budgeted funds to demonstrate compliance with their budgets.

Proprietary Funds. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Jail Canteen Fund.

Internal Service Funds. Internal Service funds provide a service to the primary government. The Christian County Health Insurance Fund accounts for all the activity of the self-insurance plan.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Financial Analysis of the County's Funds (Continued)

Governmental Funds Overview. As of the end of June 2009 fiscal year, the combined ending fund balances of County governmental funds were \$9,951,249. Approximately 94% (\$9,380,976) of this consists of unreserved fund balance, which is available as working capital and for current spending in accordance with the purposes of the specific funds. The remainder of fund balance (\$570,273) is reserved to indicate that it is not available for new spending because it is committed for the various encumbrances.

As noted earlier, the County has (8) eight major governmental funds.

1. The General Fund is the chief operating fund of Christian County. At the end of June 30, 2009 fiscal year, unreserved fund balance of the General Fund was \$7,544,014. The County received \$4,761,570 in real and personal property, motor vehicle, and other taxes for approximately 55% of the county's general revenues. Various other service fees and miscellaneous revenues contribute to the remaining 45% of revenues. There was a significant budget variance in General Fund revenues.
2. The Road Fund is the fund related to County road and bridge construction and maintenance. The Road Fund had a fund balance of \$7,288 at June 30, 2009. The fiscal year 2009 expenditures for the Road Fund were \$2,184,615.
3. The Jail Fund is used to account for the operation of the County's detention program. The Jail Fund had a fund balance at June 30, 2009 of \$200,185. The Jail Fund received \$4,536,958 for intergovernmental fees, primarily for housing prisoners.
4. The Local Government Economic Assistance Fund had a fund balance of \$3,152 as of June 30, 2009. These funds are held for economic development.
5. The Revolving Loan Fund had a fund balance of \$390,032 as of June 30, 2009. These funds are used to make loans to local businesses.
6. The E-911 Fee Fund had a fund balance of \$1,241,194 as of June 30, 2009. These funds are used for 911 services.
7. The Industrial Authority Revolving Loan Fund had a fund balance \$488,123 as of June 30, 2009. These funds are held for loans to local businesses.
8. The Christian County Public Courthouse Corporation Fund had a fund balance of \$7,305 as of June 30, 2009.

Proprietary Funds Overview. The County's proprietary fund statements provide the same type of information found in the government-wide statements, but in more detail.

Christian County has (1) one enterprise-type proprietary fund, which is:

- Jail Canteen Fund

Financial Analysis of the County's Funds (Continued)

The Jail Canteen Fund's unrestricted net assets at the end of June 30, 2009 fiscal year, amounted to \$95,636 and total assets were \$217,533.

Internal Service Fund Overview. Christian County maintains (1) one internal service fund, which is the:

- Health Insurance Fund.

The Health Insurance Fund's unrestricted total assets at the end of June 30, 2009 were \$903,836.

Capital Assets and Debt Administration

Capital Assets. Christian County's investment in capital assets for its governmental and business-type activities as of June 30, 2009, amount to \$38,762,487 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements to land other than buildings, machinery and equipment, vehicles, current infrastructure additions, and construction in progress for the energy conservation project.

Major capital asset events during the 2009 fiscal year included the road operations, the purchase of several vehicles, and energy conservation improvements.

Additional information about the County's capital assets can be found in Note 4 of this report.

Long-Term Debt. At the end of the 2009 fiscal year, Christian County had total bonded debt outstanding of \$17,745,000 from General Obligation and Revenue Bonds. The County had financing agreements totaling \$4,821,553.

Other Matters. The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2009 fiscal year budget:

- The 2009 fiscal year adopted budget continues most services at current levels.
- Program cuts at the State level, particularly relating to the cost of housing prisoners, will have a negative impact on funding for county programs.

Requests For Information

Reconciliation to the Statement of Activities:

Net Change In Fund Balances - Total Governmental Funds	\$ 954,855
Amounts Reported For Governmental Activities In The Statement Of Activities Are Different Because:	
Governmental Funds Report Capital Outlays As Expenditures. However, In The Statement Of Activities The Cost Of Those Assets Is Allocated Over Their Estimated Useful Lives And Reported As Depreciation Expense.	
Book Value - Disposed Assets	(43,099)
Capital Outlay	1,853,601
Depreciation Expense	(1,749,023)
Payments received on notes receivable provide a current financial resource to governmental funds while reducing the receivable at the government-wide level; therefore, the activity has been eliminated on the statement of activities.	(42,005)
Internal Service Funds Are Used By Management To Charge The Cost Of Health Insurance To Individual Funds. The Net Revenues (Expenses) Of This Fund Are Reported With Governmental Activities.	(272,507)
The Issuance Of Long Term Debt Provides Current Financial Resources To Governmental Funds While Repayment Consumes The Current Financial Resources. These Transactions Have No Effect On Net Assets.

CHRISTIAN COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2009

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Notes receivable are recognized on the Statement of Net Assets, but notes receivable are not included or recognized on Balance Sheet- Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets, among other items, are not reflected in the financial statements.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however, the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Christian County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or their exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. The county has no discretely presented component units.

Blended Component Units

Christian County Public Courthouse Corporation

The Christian County Fiscal Court appoints the Public Courthouse Corporation's governing board and has the ability to impose its will on the governing board. In addition, the fiscal court is financially accountable and legally obligated for the debt of the Public Courthouse Corporation. Financial information for the Public Courthouse Corporation is blended within Christian County's financial statements. All activities of the Public Courthouse Corporation are accounted for within a major (debt service) fund.

Christian County Industrial Authority

The Christian County Fiscal Court appoints the Industrial Authority's governing board and has the ability to impose its will on the governing board. Financial information for the Industrial Authority is blended within Christian County's financial statements. All activities of the Industrial Authority are accounted for within a major (special revenue) fund.

C. Christian County Elected Officials

Kentucky law provides for election of the officials below from the geographic area constituting Christian County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities, and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These officials are not part of the Christian County reporting entity.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

D. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3rd Saturday in April following the delinquency date.

D. Government-wide and Fund Financial Statements (Continued)

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the Fiscal Court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the Fiscal Court to maintain these receipts and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenditures of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, and payments from other counties for housing prisoners and transfers from the General Fund. The Department for Local Government requires the Fiscal Court to maintain these receipts and expenditures separately from the General Fund.

Local Government Economic Assistance Fund - The primary purpose of this fund is to account for coal and mineral tax revenues. The Department for Local Government requires the Fiscal Court to maintain these receipts and expenditures separately from the General Fund.

Revolving Loan Fund - The primary purpose of this fund is to account for Community Development Block Grant Revolving Loan proceeds. Loans are made from this fund to local businesses that meet the Department for Local Government criteria for small business loans. The Department for Local Government requires the Fiscal Court to maintain these receipts and expenditures separately from the General Fund.

E-911 Fee Fund - The primary purpose of this fund is to account for 911 tax revenues and emergency services expenditures.

D. Government-wide and Fund Financial Statements (Continued)

Governmental Funds (Continued)

Industrial Authority Revolving Loan Fund - The purpose of this fund is to account for the activities of the Christian County Industrial Authority, a blended component unit of the county. Activity of this fund includes the repayment of small business loans made by the Revolving Loan Fund. On November 12, 2003, the Department for Local Government approved an ordinance allowing this activity.

Public Courthouse Corporation Fund - The purpose of this fund is to account for the activities of the Public Courthouse Corporation, a blended component unit of the county. The Public Courthouse Corporation issues debt to build major facilities or additions. The Christian County Public Courthouse Corporation entered into a lease/sublease agreement with the Commonwealth of Kentucky, Administrative Office of the Courts to use and sublease all or a portion of certain facilities owned or to be constructed by or on behalf of the County. This lease/sublease agreement expires every two years.

Special Revenue Funds:

The Road Fund, Jail Fund, Local Government Economic Assistance Fund, Revolving Loan Fund, E-911 Fee Fund, and the Industrial Authority Revolving Loan Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

Debt Service Funds:

The Public Courthouse Corporation Fund is presented as a debt service fund. Debt service funds are to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Enterprise Fund:

The principal operating revenue of the county's enterprise fund is charges to customers for sales in the Jail Canteen Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. The government has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued after November 30, 1989, unless Governmental Accounting Standards Board (GASB) specifically adopts such FASB Statements or Interpretations.

D. Government-wide and Fund Financial Statements (Continued)

Proprietary Funds (Continued)

The primary government reports the following major proprietary fund:

Jail Canteen Fund - The canteen operations are authorized pursuant to KRS 441.135(1), which allows the jailer to sell snacks, sodas, and other items to inmates. The profits generated from the sale of those items are to be used for the benefit or recreation of the inmates. KRS 441.135(2) requires the jailer to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the Jail Canteen Fund.

Internal Service Fund

The primary government reports the following internal service fund:

Health Insurance Fund - The Fiscal Court maintains this internal service fund to account for the health insurance provided for other funds, on a cost reimbursement basis.

Fiduciary Funds

Fiduciary funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. The county reports two agency funds, the Dog Warden Fund, is used to account for dog fees held by the dog warden, for custodial purposes only and the Inmate Account is used to account for inmate fees held by the Jail until they are turned over to the Fiscal Court. Unlike other funds, the agency fund reports assets and liabilities only; therefore, it has no measurement focus.

E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction in Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 25,000	10-60
Buildings	50,000	10-75
Building Improvements	50,000	10-75
Machinery and Equipment	5,000	3-25
Vehicles	5,000	2-40
Infrastructure	25,000	10-50

G. Long-term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes, and financing obligations are reported.

In the fund financial statements, governmental funds recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

H. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

CHRISTIAN COUNTY
NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

H. Fund Equity (Continued)

“Reserved for Encumbrances” are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance, if applicable.

I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer. The State Local Finance Officer does not require formal budget to be adopted for the Industrial Authority Revolving Loan Fund, Public Courthouse Corporation Fund, and the Jail Canteen Fund.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

J. Related Organizations and Jointly Governed Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization’s governing board. Based on these criteria, the Christian County Water District is considered a related organization of Christian County Fiscal Court.

A regional government or other multi-governmental arrangement that is governed by representatives from each of the governments that created the organization, but that is not a joint venture because the participants do not retain an ongoing financial interest or responsibility is a jointly governed organization. Based on these criteria, the following are considered jointly governed organizations of the Christian County Fiscal Court: Hopkinsville-Christian County Airport; Hopkinsville-Christian County Ambulance Service; Hopkinsville-Christian County Communication Center; Hopkinsville-Christian County Convention and Visitors Center; Hopkinsville-Christian County Economic Development Council; Hopkinsville-Christian County Public Library; Hopkinsville-Christian County Recreation Commission; Hopkinsville-Christian County Senior Citizens; and Hopkinsville-Christian County Planning Commission.

K. Subsequent Events

The fiscal court evaluated events occurring between the end of the most recent fiscal year and December 20, 2010, the date financial statements were issued. See Note 12 for subsequent event.

CHRISTIAN COUNTY
NOTES TO FINANCIAL STATEMENTS
June 30, 2009
(Continued)

Note 2. Deposits

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the County and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the county's deposits may not be returned. The county does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). As of June 30, 2009, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 3. Notes Receivable

- A. The County loaned \$100,000 to Paris Packaging on July 21, 2003, for the purpose of financing the acquisition of certain assets. Terms of the agreement stipulate a 5-year repayment schedule at 3.0 percent interest. Records indicate that Paris Packaging is in substantial compliance with this agreement. As of June 30, 2009, principal balance due was paid in full.
- B. The County loaned \$300,000 to Commonwealth Agri Energy, LLC on April 20, 2004 for the purpose of constructing an Ethanol production facility. Terms of the agreement stipulate a 10-year repayment schedule at 3.0 percent interest. Records indicate that Commonwealth Agri Energy, LLC is in substantial compliance with this agreement. As of June 30, 2009, principal balance due was \$180,491.
- C. The County loaned \$100,000 to Maintainer Corporation of Kentucky on April 25, 2006 for the purpose of financing real estate. Terms of the agreement stipulate a 10-year repayment schedule at 4.0 percent interest. Records indicate that Maintainer Corporation is in substantial compliance with this agreement. As of June 30, 2009, principal balance due was \$71,579.

B. Revenue Refunding Bonds, Series 2007

The Christian County Public Courthouse Corporation (the "Corporation") was established by the County of Christian, Kentucky (the "County") to act as the agency and instrumentality of the County in acquiring, developing and financing public improvements and public projects. The Corporation issued its Christian County Public Courthouse Corporation Lease Revenue Bonds (District Court Facility Project), Series 2000, dated November 1, 2000, (the "Series 2000 Bonds") for the purpose of acquiring, constructing and furnishing a court facility and the completion of the renovation and improvement of the Christian County Corrections Center located in Hopkinsville, Kentucky.

The Corporation adopted at the direction of the Fiscal Court of the County, a resolution (the "Resolution") authorizing the Series 2007 Bonds for the purpose of paying the costs associated with the refunding and refinancing of the Series 2000 Bonds.

The Bonds are secured by a foreclosable first mortgage lien on the Project. The Bonds are also be secured by the assignment by the Corporation of all its right, title and interest to a lease agreement with the County.

The Bonds in the amount of \$16,545,000 dated April 5, 2007, will bear interest from that date as described herein, payable semi-annually on February 1 and August 1 of each year commencing August 1, 2007, at rates ranging from 3.50% to 4.00%. The Bonds will mature on August 1 of each year, in the years and in the principal amounts shown below. The balance on these bonds as of June 30, 2009 was \$15,510,000. Note 7. Employee Retirement System

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute.

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008 are required to contribute 6 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 13.50 percent. The county's contributions for the years ended June 30, 2007, 2008 and 2009 were \$418,604, \$478,190 and \$429,889 respectively, and were equal to the required contributions each year.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008 must meet the rule of 87 (members age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement System, 1260 Louisville Road, Frankfort, Kentucky 40601-6124, or by telephone at (502) 564-4646.

Note 8. Deferred Compensation

On December 19, 2000, the Christian County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax sheltered supplemental retirement plans for all state, public school and university employees and employees of local political subdivisions that have elected to participate. These deferred compensation plans permit all full time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 101 Sea Hero Road, Suite 110, Frankfort, Kentucky, 40601-8862, or by telephone at (502) 573-7925.

Note 9. Insurance

For the fiscal year ended June 30, 2009, Christian County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 10. Health Insurance

Christian County Fiscal Court elected to begin a partially self-funded health insurance plan for fiscal year ended June 30, 1998. This partially self-funded insurance plan covers all county employees, and the county pays for each county employee's individual coverage. Christian County contracted with Anthem Blue Cross and Blue Shield to administer the employee benefit plan for the 2007-2009 fiscal years.

This partially self-funded insurance plan has two distinct components that the fiscal court must pay. The first component is the fixed cost, which consists of administrative fees associated with operating the plan, and specific and aggregate reinsurance costs that cap the county's claims exposure on an individual and aggregate basis. Incurred fixed costs for fiscal year ending June 30, 2009 were \$456,174. The second component is the claims cost, all of which Christian County is responsible to pay as they incur. Once an individual exceeds \$50,000 in claims or the County's aggregate claims exceed the predetermined maximum, the County will receive a reimbursement credit from the reinsurance carrier. Incurred claims for fiscal year ended June 30, 2009 were \$1,058,941. Christian County Fiscal Court's contract with Anthem Blue Cross and Blue Shield has no terminal liability provision and the Court is responsible to pay all run-out claims after termination. The Health Insurance Fund had a balance of \$903,836 as of June 30, 2009.

Note 12. Subsequent Event

On September 15, 2009 the Christian County Fiscal Court negotiated with Jennie Stuart Medical Center to reduce the amount owed on behalf of the Christian County Detention Center from \$303,278 to \$77,706. The amount originally owed was included in encumbrances as of June 30, 2009, accounting for the substantial amount of encumbrances in the Jail Fund.

CHRISTIAN COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2009

Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The Department for Local Government does not require the county to budget the Industrial Authority Revolving Loan Fund.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

**Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards**

We have audited the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Christian County, Kentucky, as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 20, 2010. Christian County's financial statements are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Christian County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Christian County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Christian County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Christian County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the modified cash basis of accounting such that there is more than a remote likelihood that a misstatement of Christian County's financial statements that is more than inconsequential will not be prevented or detected by Christian County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Christian County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Christian County's financial statements are free of material misstatements we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under Government Auditing Standards and which is described in the schedule of findings and questioned costs as item 2009-1.

Christian County's response to the finding identified in our audit is included in the schedule of findings and questioned costs. We did not audit their response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Christian County Fiscal Court, the Department for Local Government, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

The Honorable Steve Tribble, Christian County Judge/Executive
Members of the Christian County Fiscal Court

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of Christian County, Kentucky, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2009. Christian County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Christian County's management. Our responsibility is to express an opinion on Christian County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Christian County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Christian County's compliance with those requirements.

In our opinion, Christian County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of Christian County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Christian County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Christian County's internal control over compliance.

Internal Control Over Compliance (Continued)

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that non-compliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program, will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

STATE LAWS AND REGULATIONS

2009-1 The Fiscal Court Is Required To Pay For Purchases Within Thirty Working Days

Due to the process of re-pricing medical bills, most medical bills are paid after thirty (30) working days of receipt. KRS 65.140 states, "...all bills for goods or services shall be paid within thirty (30) working days of receipt of a vendor's invoice except when payment is delayed because the purchaser has made a written disapproval of improper performances or improper invoicing by the vendor or by the vendor's subcontractor." We recommend the fiscal court comply with KRS 65.140 by paying all invoices for goods or services in full within thirty (30) working days of receipt of a vendor's invoice.

Response of Christian County Government: Christian County government makes every effort to comply with the thirty day requirement with regard to payment of vendors invoices. However, substantial cost savings are realized as a result of re-pricing medical bills at reduced rates.
